

GAIN ABS Stand Alone Update Tool – Setup Guide

This is a quick setup guide for applying the certificate patch to GAIN ABS Stand Alone. The update tool will be distributed as a compressed (.zip) file.

Step 1: Download the Update Tool to your desktop

The update tool is available for download here: [Stand Alone Update Tool](#)

- First, click the link to navigate to the web page
- Next, click the white Download button at the top right
- DO NOT OPEN THE FILE
- Click the Save button in the File Download box, or in the yellow bar at the bottom of the screen
- If you are unsure of where the file was saved on your computer, then click the Open Folder button.
- At this point, you should close Internet Explorer and make sure Stand Alone is not running.

Step 2: Extract the contents of the package

You will now have a file on your computer named "GAINABS_StandAlone_CertInstaller.zip".

- Locate the file, then right-click on it and select Extract All from the menu that appears
- Click the Browse button
- Select Desktop as the destination, and then click OK
- Click the Extract button

Step 3: Run the .exe

You will now have a file on your desktop named "GAINABS_StandAlone_CertInstaller"

- Right-click the file and click "Run as administrator" in the menu
 - If you do not have the option to "Run as administrator", then please contact your IT department. Administrative file privileges are needed to apply the patch.
- Click the Yes button if prompted to allow the program to run
- A command prompt window will open (Fig. 1)

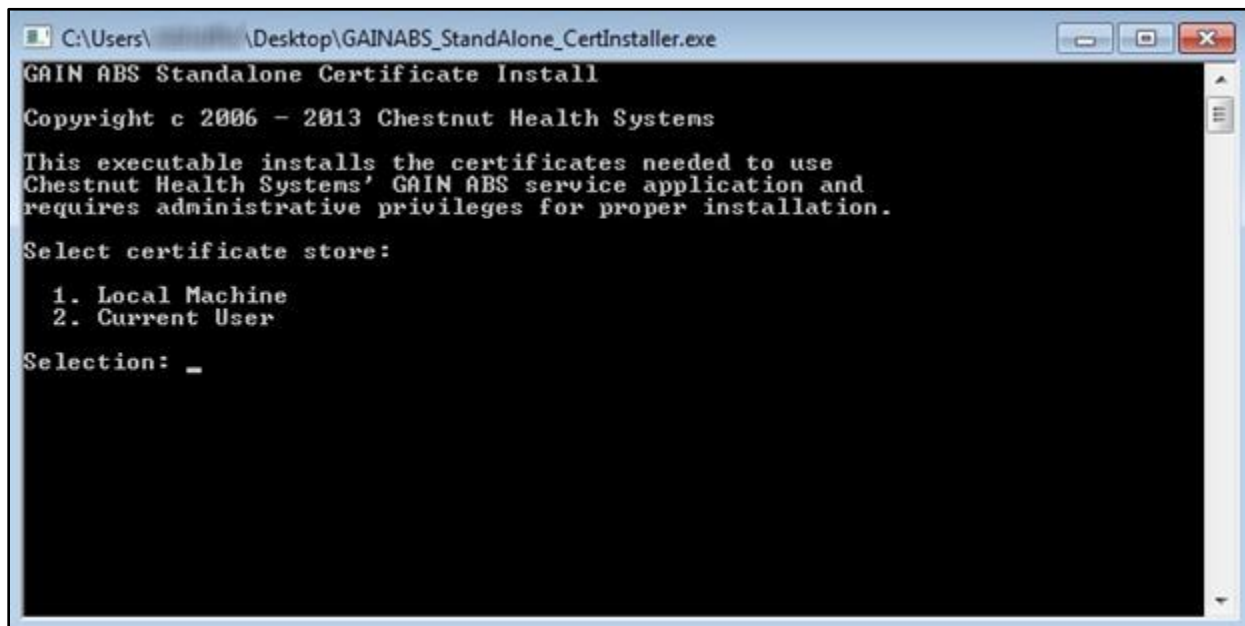

Fig. 1

- If you are applying the patch for another user, then select option 1
- If you are applying the patch for yourself, then select option 2

Step 4: Success!

You should now see the window update exactly as it does in Figure 2.

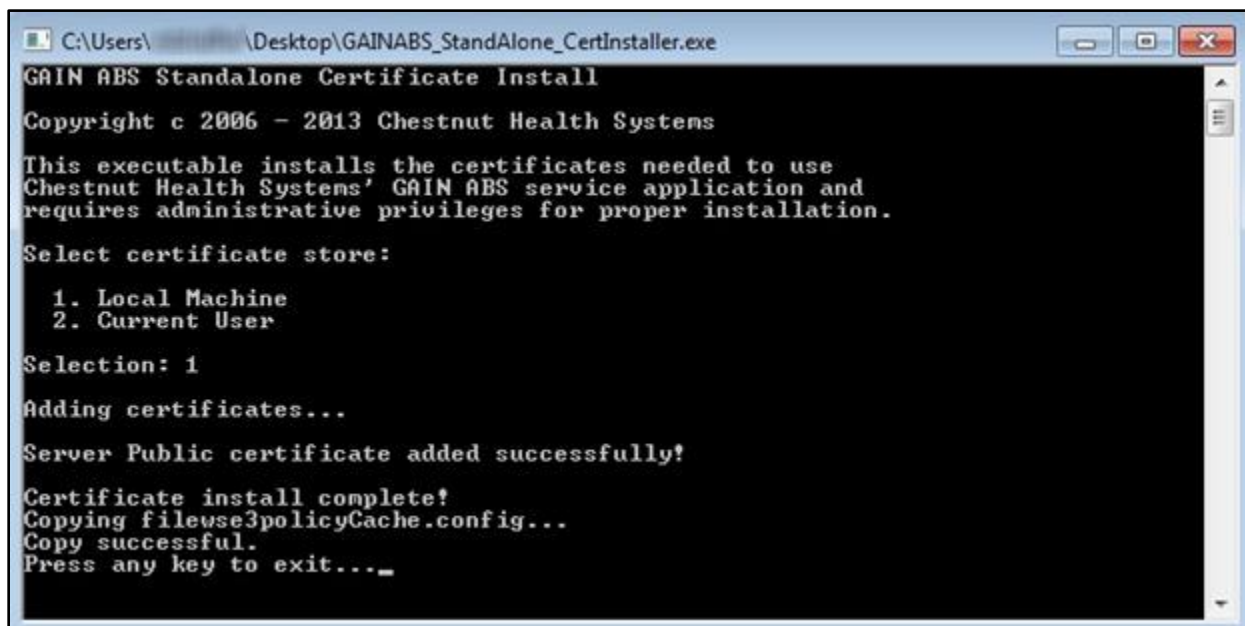

Fig. 2

If your window displays any error messages, or if you continue to have issues with Stand Alone after applying the patch, then please contact ABS Support at (309) 451-7777. Our regular office hours are 8am to 5pm Central Time, Monday through Friday.
